2021 Dodge Challenger / Challenger SRT Fact Sheet

August 31, 2020, Auburn Hills, Mich. - The Dodge Challenger is the world's quickest, fastest and most powerful muscle car. While the record-setting Dodge Challenger SRT Demon was a one-year, limited-production build, the Dodge Challenger SRT Super Stock is born from its successes and, for 2021 model year, is the halo of the Challenger lineup, out-performing the competition in the modern horsepower wars.

The Dodge Challenger SRT Super Stock is powered by the same supercharged 6.2-liter HEMI® high-output V-8 that powers the Challenger SRT Hellcat Redeye with a revised powertrain calibration that increases rated power output to an 807 horsepower.

To make this the world's newest ultimate drag-racing muscle car, the Challenger SRT Super Stock features:

- A uniquely tuned Bilstein high-performance adaptive damping suspension
- Brembo four-piston high-performance brakes
- 18-by-11-inch wheels in Low Gloss Granite finish
- Sticky 315/40R18 Nitto NT05R street-legal drag radials at all four corners

The SRT Super Stock's revised powertrain rating, combined with its larger, stickier standard Nitto drag radials, combine to make the Challenger SRT Super Stock do what it does better than any other muscle car on the market: run 0-60 miles per hour (mph) in 3.25 seconds and cover the quarter-mile in an elapsed time (ET) of 10.5 seconds, making it the world's quickest and most powerful muscle car.

With the industry's most powerful and capable muscle car lineup, the Dodge Challenger delivers nine distinct models options from the most powerful and fastest muscle car – the 807-horsepower SRT Super Stock – to 303-horsepower, V-6 efficiency and class-exclusive all-wheel-drive (AWD) capability on SXT and GT models. The 2021 Dodge Challenger offers a full range of engine options, including the award-winning 3.6-liter Pentastar V-6 on SXT, SXT AWD, GT and GT AWD models, the legendary 5.7-liter HEMI V-8 on R/T models, the naturally aspirated 392 HEMI V-8 on R/T Scat Pack models, which offers the most muscle for the dollar, the supercharged 6.2-liter HEMI V-8 on SRT Hellcat and a supercharged 6.2-liter HEMI high-output V-8 on SRT Hellcat Redeye and new SRT Super Stock.

The Dodge Challenger is unrivaled when it comes to sheer horsepower, performance options and packages, all-weather capability and overall interior roominess. The Challenger is a true GT car, and its heritage design, unmatched power and everyday livability make this authentic yet modern muscle car even more popular in today's golden age of muscle as it was back in 1970 and 1971.

New for 2021

- Dodge Challenger R/T Scat Pack Shaker and T/A 392 available with Widebody package offering a combination of unique heritage appointments and improved performance with the wider wheels and tires
 - Challenger R/T Scat Pack Shaker Widebody comes with the legendary cold-air grabbing Shaker, which extends from the engine compartment, directing cooler air back into the 392 HEMI® V-8 engine
 - Challenger T/A 392 Widebody builds on the T/A legacy with painted Satin Black hood, Satin

Black wrap roof and deck lid, as well as roof and deck-lid graphic paired to the T/A body-side stripes, "Air Catcher" headlamps with LED-illuminated T/A logos and more

- 20-inch wheels now standard on GT AWD, available on SXT AWD
- New instrument panel badge on SRT Hellcat and SRT Hellcat Redeye
- SRT branding on high-performance Brembo brakes on SRT Hellcat and SRT Hellcat Redeye, available on Scat Pack
- New Black Chrome finish for grille, spoiler and fender badges on SRT Hellcat Redeye, SRT Super Stock
- Memory feature for driver seat, steering column, side mirrors and radio presets available on all models

Highlights

- The 807-horsepower Dodge Challenger SRT Super Stock is the world's quickest and most powerful muscle car:
 - 0-60 mph acceleration of 3.25 seconds
 - Quarter-mile elapsed time of 10.5 seconds at 131 mph
 - 168 mph top speed (tire-limited)
- The heart of Challenger SRT Super Stock comes from the limited-production 2018 Dodge Challenger SRT Demon:
 - Powered by the most powerful production V-8 engine, the Challenger SRT Super Stock's supercharged 6.2-liter HEMI high-output V-8 features a revised powertrain calibration that increases rated power output to 807 horsepower by increasing the shift point from 6,300 rpm to 6,400 rpm
 - The SRT Super Stock is equipped with the standard TorqueFlite 8HP90 eight-speed automatic transmission – an already proven and robust gearbox used on all Hellcat models and the SRT Demon
 - The Bilstein adaptive damping suspension has been tuned for drag racing, shifting as much weight as possible on the rear tires at launch for maximum traction
 - SRT Super Stock features lightweight all-aluminum Brembo four-piston brake calipers and 14.2-inch vented rotors
 - Challenger SRT Super Stock is equipped with standard lightweight 18-by-11-inch wheels in Low Gloss Granite finish, riding on the same sticky 315/40R18 Nitto NT05R drag radials that were first featured on the SRT Demon
 - Performance-tuned asymmetrical limited-slip differential with 3.09 final drive
 - Track mode within the SRT Drive Modes on the SRT Super Stock will activate a revised shock tuning for the drag radials
 - SRT Race Options – Line Lock, Launch Control, Power Chiller, Race Cooldown and Torque Reserve all come standard on the SRT Super Stock
- Challenger offers a full range of engine options for 2021, including:
 - Award-winning 3.6-liter Pentastar V-6 with 303 horsepower in SXT, SXT AWD, GT and GT AWD models
 - Legendary 5.7-liter HEMI V-8 with up to 375 horsepower in R/T models
 - Naturally aspirated 392 HEMI V-8 with 485 horsepower in R/T Scat Pack and Scat Pack Widebody models
 - Supercharged 6.2-liter HEMI V-8 with 717 horsepower in SRT Hellcat models
 - Supercharged 6.2-liter HEMI high-output V-8 with 797 horsepower in SRT Hellcat Redeye models
 - Supercharged 6.2-liter HEMI high-output V-8 with unique calibration to make 807 horsepower on SRT Super Stock
- Standard Tremec six-speed manual transmission standard on the R/T, R/T Scat Pack and SRT Hellcat models
- Efficient TorqueFlite eight-speed automatic transmission standard on SXT, SXT AWD, GT, GT AWD, SRT Hellcat Redeye and SRT Super Stock models; optional on R/T, R/T Scat Pack and SRT Hellcat

models

- Proven and robust heavy-duty TorqueFlite 8HP90 eight-speed automatic transmission standard on SRT Hellcat Redeye and SRT Super Stock; optional on SRT Hellcat
- Active Exhaust is standard on all HEMI V-8 models: All 5.7-liter HEMI V-8 Challenger models feature a 2.75-inch electronically controlled active exhaust system to deliver a signature Dodge muscle-car sound
- Standard SRT Drive Modes on R/T Scat Pack and SRT Hellcat models allow drivers to tailor their driving experience by controlling horsepower (SRT Hellcat models), transmission shift schedules, steering, paddle shifters (automatic transmission), traction and suspension. Drive Modes are pre-configured for Sport, Track and Default modes, while Custom mode lets drivers tailor the drive experience to their favorite settings
- Available Plus Package adds numerous premium interior and exterior features across the entire Challenger lineup, including heated and ventilated leather seats, power tilt/telescope steering column, unique wheels and, new for 2021, memory feature for driver seat, steering column, side mirrors and radio presets
- Available Widebody Package, on R/T Scat Pack, SRT Hellcat and SRT Hellcat Redeye models, adds 3.5 inches of overall width, rides on sticky 305/35ZR20 Pirelli tires mounted to 20-by-11-inch wheels and includes electric power steering (EPS) system with SRT Drive Modes:
 - R/T Scat Pack Widebody features larger adaptive damping suspension, Brembo six-piston brakes, performance shift indicator and 20-by-11-inch aluminum wheels
 - SRT Hellcat Widebody and SRT Hellcat Redeye Widebody models feature standard 20-by-11-inch wheels
- The Challenger R/T Scat Pack 1320, named for the quarter-mile distance of 1,320 feet, features exclusive drag-strip technology from the iconic Dodge Challenger SRT Demon. Powered by the 392 HEMI V-8 engine that delivers 485 horsepower and 475 lb.-ft. of torque, the R/T Scat Pack 1320 is a drag-oriented, street-legal muscle car and a blank canvas for the serious grassroots drag racer:
 - With a quarter-mile ET of 11.70 seconds at 115 mph, the showroom-stock Challenger R/T Scat Pack 1320 is the fastest naturally aspirated, street-legal muscle car available
 - Drag-specific components and technologies include TransBrake, Torque Reserve, Nexen SUR4G Drag Spec 275/40R20 street-legal drag radials, SRT-tuned three-mode adaptive damping suspension, Drag Mode, driver's seat only standard configuration, performance-tuned asymmetrical limited-slip differential with 3.09 final drive, extreme-duty 41-spline rear axle half shafts, Line Lock, Launch Assist and Brembo high-performance brakes
- T/A Package adds even more heritage to R/T and R/T Scat Pack models with visual and performance enhancements inside and out, featuring painted Satin Black hood, Satin Black wrapped roof and decklid, 20-inch wheels, Satin Black spoiler with T/A decal, Mopar cold-air intake system, lit Air Catcher headlamps and white face gauges with Gloss Black cluster trim rings
- Shaker Package, available on R/T and R/T Scat Pack models, includes Mopar Shaker hood and cold-air intake, "Shaker" underhood decal, "Challenger" script grille badge (R/T), black rear spoiler (R/T), black fuel door (R/T), black grille surround (R/T), "Shaker" instrument panel badge and Gloss Black instrument panel cluster trim rings
- Rear Seat Delete Group removes rear seating, rear seat belts and adds rear cargo net on R/T Scat Pack and SRT Hellcat models
- Wide variety of exterior stripe designs are available across the entire Challenger lineup
- More than 70 available safety and security features, including Forward Collision Warning, adaptive cruise control, Blind-spot Monitoring and Rear Cross Path detection

Model Lineup

For 2021, the Dodge Challenger lineup consists of nine models:

- SXT
- SXT AWD
- GT
- GT AWD
- R/T

- R/T Scat Pack (available with Widebody)
- SRT Hellcat (available with Widebody)
- SRT Hellcat Redeye (available with Widebody)
- SRT Super Stock (Widebody only)

Available Exterior Colors

- Frostbite
- F8 Green
- Go Mango
- Granite
- Hellraisin
- Indigo Blue
- Octane Red
- Pitch Black
- Sinamon Stick
- Smoke Show
- TorRed
- Triple Nickel
- White Knuckle

Available Interior Colors

- Black
- Black/Caramel
- Black/Ruby Red
- Demonic Red
- Sepia

Dodge//SRT

For more than 100 years, the Dodge brand has carried on the spirit of brothers John and Horace Dodge. Their influence continues today as Dodge shifts into high gear with a lineup that delivers unrivaled performance in each of the segments where they compete.

Dodge drives forward as a pure performance brand, offering SRT Hellcat versions of the Dodge Challenger, Dodge Charger and Dodge Durango, as well as an R/T plug-in hybrid electric vehicle (PHEV) version of the all-new 2023 Dodge Hornet, representing the brand's first-ever electrified performance vehicle. Dodge delivers the drag-strip dominating 807-horsepower Dodge Challenger SRT Super Stock; the 797-horsepower Dodge Charger SRT Redeye, the most powerful and fastest mass-produced sedan in the world; and the 710-horsepower Dodge Durango SRT Hellcat, the most powerful SUV ever; and best-in-class standard performance in the compact utility vehicle segment with the Dodge Hornet. Combined, these four muscle vehicles make Dodge the industry's most powerful brand, offering more horsepower than any other American brand across its entire lineup.

In 2022, the Dodge brand ranked No. 1 in the J.D. Power [APEAL Study](#) (mass market), making it the only domestic brand ever to do so three years in a row. In 2020, Dodge was named the "#1 Brand in Initial Quality," making it the first domestic brand ever to rank No. 1 in the J.D. Power [Initial Quality Study](#) (IQS).

Dodge is part of the portfolio of brands offered by leading global automaker and mobility provider Stellantis. For more information regarding Stellantis (NYSE: STLA), please visit www.stellantis.com.
